

## Finish Operator

***Responsibilities include, but are not limited to, general Finish Department responsibilities including Finish Blasting of cast parts, and other duties and responsibilities as may be assigned, according to company work instructions and/or customer specifications.***

In all operations, we adhere to ISO 9001:2008 / AS9100 certification standards.

Due to the nature of our contracts, employees are required to sign a Non-Disclosure Agreement.

Attire appropriate for factory work is required (e.g., long pants, steel-reinforced shoes).

We look to hire individuals who are dependable and hardworking, who maintain a great attendance record and who adhere to a set work schedule.

We evaluate employee performance after the first 90 days, and at the end of every calendar year.

## Assembly Operator

***Responsibilities include, but are not limited to, general Assembly Department responsibilities including processing wax patterns, building wax sub-assemblies, building finished wax assemblies, and identifying wax patterns, and other duties and responsibilities as may be assigned, all according to company work instructions and/or customer specifications.***

In all operations, we adhere to ISO 9001:2008 / AS9100 certification standards.

Due to the nature of our contracts, employees are required to sign a Non-Disclosure Agreement.
